The Seniors of Peoria High School offer this their sincere expression of Pan-American friendship . . . the 1943 CREST.

"Here's to Thee, Peoria High!"

FRIENDLY NEIGHBORS

The dream of Pan-American friendship is by no means new — it is well over one hundred years old — as old as the republics of the western hemisphere themselves. Already in 1820 the most prized possession of Simon Bolivar, the great liberator of South America, was a locket containing George Washington's picture and a lock of our first president's hair. Bolivar wore this gift — sent from Mount Vernon through General Lafayette — on all state occasions, preferring it to any of his numerous decorations for gallantry. To Bolivar, Washington's miniature was the crown of all human rewards, the one symbol of unity between the newly independent United States of America and the Spanish-speaking colonies of the South, then engaged in the death struggle against the tyranny of Spanish oppression. It was natural that from the first the leaders of the Latin-American movement for freedom, as well as the peoples themselves, should look north to us as a land which had already gained and utilized freedom and republican institutions, and as a neighbor upon whom they could depend for advice and aid in a world where colonial independence and republicanism were as despised and feared as communism is in our own.

To Bolivar we owe the great dream of Pan-Americanism. He it was who, in the first triumphant flush of his victory against Spain, called together, in 1824, the independent states of the Western Hemisphere to a great "Amphictyonic Congress" in Panama, on the site of the canal which he proposed that all of the nations of the West build together as a joint symbol of concord and unity. Yet it was this same Bolivar who was forced to cry in agony only a few years later: "We have plowed the sea!" The United States, invited to send delegates to the Amphictyonic Congress, had debated the matter to such length that finally only one disinterested and antagonistic delegate arrived in Panama after the assembly had disbanded. And so, in 1826, the Western Hemisphere broke apart and has lain in fragments ever since.

Today the old vision of Bolivar is stirring from among the dusty pages of history. We of North America are beginning to realize that our destiny and that of South America may be irrevocably linked together, and that mutual ignorance is scarcely the best guarantee of a mutual understanding. Vital to the appreciation of any nation is a knowledge of that country's government and customs, its geography and history. But by far the most important is the ability to speak that country's language.

Therefore, to the three Spanish teachers of Peoria High — Miss Wilde, Miss Bunch, and Miss Ziegler — who with unceasing effort have been helping us to a better understanding of our South American neighbors, do we dedicate this book.

Miss Zeigler, Miss Bunch, Miss Wilde

LOS FLETEROS

Seeing tireless globe-trotters safely through the customs and into the various Latin-American countries is the duty of the ever present fleteros. Both willing and eager to assist the traveler in the understanding of the language and the customs so strange to North-Americans, the happy fleteros make the tour of the Pan-American republics a gay and colorful trek, — one long remembered.

LOS ESTANCIEROS

Worthy of great esteem and honor are these citizens — los estancieros. Only through great foresight have they risen from insignificance and poverty to influential citizenship and abundant knowledge. Today, after having braved great trials and hardships, they are well-fortified to face the uncertain future.

THE SENIORS

Mrs. Wharry, sponsor

Behold the Class of '43,
Whose habits are so scholarly;
Observe their faces pictured here,
Displaying knowledge cool and clear;
Note their service for the school,
Most exceptive to the rule!
Surely such a wondrous throng
Can make no errors; can do no wrong!
Undoubtedly their drive and zest
Will place them far above the rest,
And as they rise above the crowd
Old Central High can say, "We're proud!"
But now our exaltation's done,
Let's look them over one by one.

   His jokes and jibes were laughed at so.
   Prefect, Jr. Hi-Y, Fr.-Soph. Football

Among the Class of '43
Are those with marks of high degree,
Who've burned their share of midnight oil,
To head the class in mental toil.
Let's honor here these students bright,
Whose paths will shine with learning's light.

LOS CABELLEROS

Gallantry — courage — ah, yes! Those words name only a few of los cabelleros' attributes. Well known, too, are their polished manners, poise, and ability to dress well. As horsemen, also, you will find them very adept and well-prepared to offer their fine skill in defense of their country. Moreover, our dashing cabelleros know when to work and when to play. What spice they add to Pan American life!

THE JUNIORS

And next we have the junior class,
Please note each handsome lad and lass
With disposition calm and cool,
Prepared, next year, to lead the school.
Not too serene, still not too gay;
No slave to work, no pawn of play;
The juniors are a moderate crowd,
Of which our school might well be proud,
Their judgment seems both true and sound,
A useful group to have around.
So best of luck to every one,
And may their work be next to none.
We know they'll never fail to score,
This gallant Class of '44.

LOS GAUCHOS

Los gauchos — the colorful adventurers of Latin America! Their breath-taking feats of horsemanship make up only a small part of their attractions. Sometimes beneath their placid countenances many emotions are conflicting. Noteworthy, too, are their high sense of honor and, even more, their ability to finish what they begin. It is easy to see that they will be outstanding among those who help to build strong nations.

THE SOPHOMORES

Mr. Burns, sponsor

The saucy sophomores here are seen,
With wit so sharp and mind so keen,
Who hold themselves from error exempt,
And hold the freshmen in contempt.
They plunge ahead devoid of doubt,
Still unaware what it's all about.
But yet, for all their reckless ways,
We still hold dear those sophomore days,
When laughter reigned and woes were few,
How vibrant was the joy we knew!
Let's honor now that happy throng,
Who shed no tears and wreak no wrong,
Who never cease their forward drive,
That brilliant Class of '45.

LOS SOÑADORES

Los soñadores — the dreamers of our world. Fantastic timewasters? Romantic idlers? Perhaps, but can you imagine Pan America without them? Little progress would be made were it not for them. Nor would any field of endeavor reach greater improvements without their reveries. To los soñadores we extend heartiest encouragement, for upon them lies the future of the nations.

THE FRESHMEN

A freshman is an awkward beast;
He thinks the most and knows the least.
He's pushed and pulled from every angle,
The no-man's-land of every wrangle.
He's been around since 'way last fall,
And still gets lost in the upper hall!
He dreams what next year holds in store,
When he'll finally be a sophomore.
But do not laugh at this child of woe,
Who seems so young and acts so slow.
This clumsy lad will someday change,
With a sudden leap in vocal range;
He'll learn the upper classman's tricks
And boost the Class of '46.

LA FIESTA

Dancing girls, splashy-colored dresses, merry-makers, noise, appetizing odor of food, gaily decorated booths — all these mark the fiesta as a great social event. After their long hours of toil, the Latin Americans enjoy to the full this high form of entertainment. Eat, drink, and be merry — that could well be the motto of these friends. Come along, all of you, and enjoy la fiesta with them!

ALAN CAMPEN

The leadership of the student body of Peoria High fell into the hands of able and hard-working Alan Campan. He has given his support and cooperation to the many campaigns which have been conducted for the advancement of the war effort. Under Al's continual persuasion to attend games and all other school activities and by his numerous assemblies, the school spirit of the students has taken a definite upward swing. His abilities and industry will take him far on the road to success.

FOOTBALL

In the opening game of the season, our maroon-clad jerseymen under their new coach, John Noppenberger, met a strong Boilermaker eleven from Kewanee, and dropped the tilt, 24-0. They then journeyed to Streator, where they also lost, 26-7. Returning home, they met the great Spalding machine at the Stadium, and were forced to bow out, 40-0. Spalding after a fabulous season eventually became the city champ. In their meeting with Woodruff, the Maroons displayed a little more ability and skill, by losing only 12-0.

Showing their first bit of real football playing, Central nipped the Springfield Senators, 7-5. It was in this game that Tom Folkerts, Central halfback, broke away from the Springfield tacklers to make a touchdown run of ninety-four yards, the longest ever made at the Stadium.

Still retaining their spark of victory, the team, captained throughout the year by Jack Pickens, walloped East Peoria, 14-7 on East Peoria's own field. This game was played under the worst possible conditions, with the mud ankle deep on the field. After the first quarter, neither team was distinguishable. Immediately after this game, however, the Maroons were handed defeats by Pekin, 52-7, and Urbana, 27-6. Both these teams were among the top contenders for Big 12 honors.

Then came the Turkey Day game and with it, joy for all Central rooters, for we submerged our ancient rival Manual in a hard-fought game 14-7.

BASKETBALL

With no lettermen returning, our basketball team met with difficulty during the season, but the experience gained this year will prove valuable next season. At the start of the season our team led off in fine style, winning from Maquon and then taking a close one from Metamora. These wins seemed to set the stage for our losing streak of sixteen games, however. Our only bright spot was the fact that we beat our city rival, Woodruff, in a charity game which, however, was not on the regular schedule.

Entering the regional tournament competition, our short pants troop displayed some real basketball skill by downing a tough Roanoke five, 49-39. The following evening we again met our city rival, Manual, in the semi-finals and suffered a 45-36 defeat after a close, well-played game. Our team deserves a great deal of credit for their splendid comeback in the two tournament games.

BASEBALL

The Central diamond-men had a fairly good season, winning 12 and losing 10. Coach Noppenberger's boys, however, couldn't seem to hit their stride for a very long period of time, since they never managed to win more than three games in a row. In the Greater Peoria, the Maroons gained four games and lost two by defeating East Peoria twice 4-3, 5-1; and then splitting games with Woodruff and Manual.

In the district tournament Central met Dunlap for the championship and emerged victorious 7-0. They then met a strong Eureka team for the Sectional Championship and dropped the game 6-5 in the last inning.

With only three lettermen starting the season, Noppie built up a fine team and with 6 lettermen returning next year, the Maroons should make a fine showing.

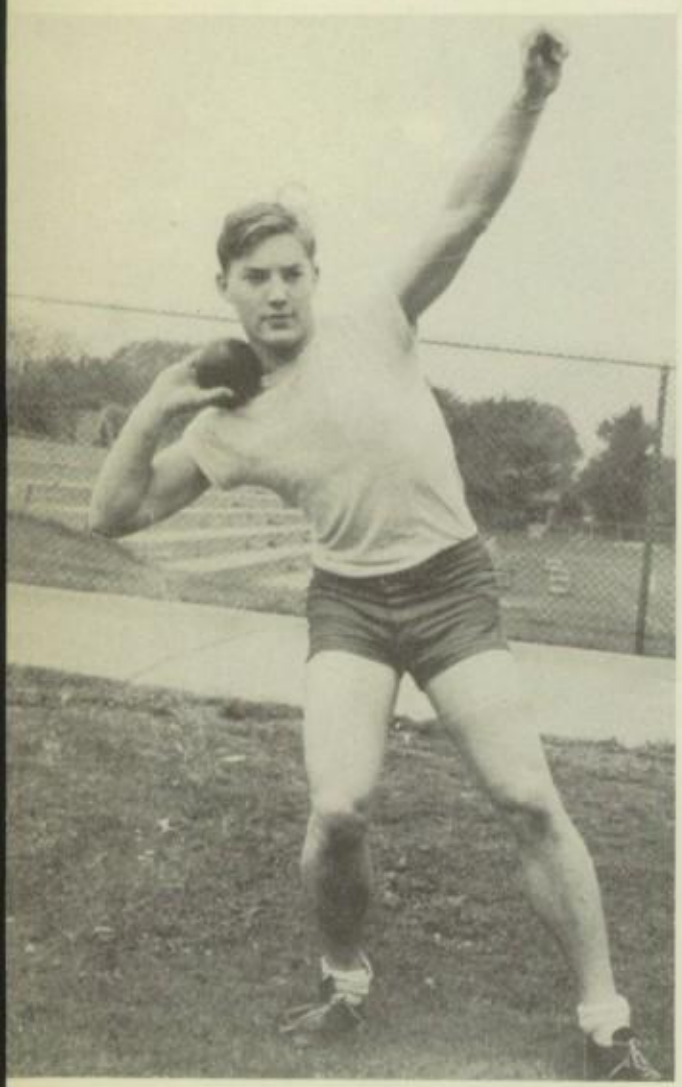
TRACK



The Maroon clad thinlies under their new coach, Charlie Barrett, had a very good season. Though they opened by losing a tough meet to mighty Kewanee, they bounced back to wallop the strongest Pekin team in ten years, 60-53. The next week the cinder-men journeyed to Chillicothe to drub the Chillicothians 58-22, winning first place in everything except the mile run.

In the Lincoln Relays the boys made a fine showing by taking third with 35 1/5 points. With the coming of the Big 12 at Lincoln we took the 5th place honors with 18 1/10 points.

Two weeks later Central met Woodruff, Manual, and East Peoria in the Greater Peoria meet. We dropped the last event and also the meet, taking second with 60 points. After a week's hard practice came the District Meet. When the dust of the battle had cleared, the Maroons had tied for first with Pekin, each team having 22 points.

With eight letter-men returning and a good crop of Freshmen and Sophomores coming up, Coach Barrett expects a fine team again this year.

Experiencing some difficulty in finding a coach, our linksmen, nevertheless, captured an array of titles that would be the pride of any golf team. During the entire season these Maroon golf stars didn't drop a single match.

In their first, Peoria High downed Champaign 7-5 and Urbana 11½-½. The first intra-city match was captured by our squad when they defeated Spalding and Manual, 7-5 and 7½-4½ respectively. Then followed the second intra-city meet with Spalding and Manual, which they won by the more decisive scores of 8-4 and 8½-3½.

Moving along steadily, the boys proceeded to down all comers by taking the District Championship. From the District victory they traveled to the State Tournament, where they displayed their talents by finishing in fourth position.

It was a big week for Central when both the tennis team and the golf team took Big 12 first place honors. Bob Phalen, who later became City Junior Champ, blasted his way to first place in the individual standings with a 78.

In their last match with Manual and Spalding, in the third intra-city, they again turned Manual back by a 10-2 count, and beat Spalding 12-0.

The illustrious squad, led by co-captains, Jack Phalen and Jerry Modjeska, with the help of other outstanding players, won all of their eight hard-fought matches. The two lettermen returning next season will strive to uphold the record made by this year's successful team.

Seeing a great deal of action during the spring season, the Peoria High racquetmen proved their ability to meet the best competition and defeat it, as has been the well-founded tradition among the tennis teams of years past. The progress of the season saw Peoria High continuing its string of consecutive triumphant dual meets to 76 before this record came to an abrupt and decisive close as our tennis stars bowed to Blue Island's veteran team.

Out of a total of 13 meets played, the Maroons won 11; tied 1, Pekin 3-3; and lost one to Blue Island, 1-5.

Though Blue Island's strong team was the same that Peoria High had defeated last year, 6-0, they managed to capture five out of the six matches played. This defeat broke Central's record which had started when we tied Lincoln on April 10, 1937. From all information obtainable this consecutive string of 76 establishes an interscholastic record that is national in scope.

Our racquetmen, however, bounced back in the next two meets by walloping Woodruff and Canton.

As a fitting climax to another brilliant season our netmen journeyed to Champaign where they tied for first place in the Big Twelve conference tennis championship with Bloomington. Gene Bridges and Eldon Yeck secured the majority of Central's points by advancing to the finals and semi-finals, respectively. Gene Bridges defeated Lovingfoss of Champaign to become Big 12 individual champion.

GOLF CHAMP

Champion Bob started his golf career by caddying for his parents. During the course of his golfing experiences he received helpful encouragement from his parents and friends. This encouragement and help developed a love of the sport which has kept high Bob's interest in the game.

At the age of thirteen he entered his first tournament competition which was the City Junior Tournament. In preparation for his future exploits, Bob entered the National Western Junior two years, the Big 12 two years, the Men's City three years, the State High School three years, and the City Junior four years.

The prizes for the championships he has won include numerous high school medals, the medalist and championship trophies of the City Jr. Tournament, and the Big 12 Championship medal.

Golf is not his only sport, for his interest also lies in basketball. His skill in this field won him a starting berth on this year's basketball squad.

Of the many thrills he has had, he considers a hole-in-one his most sensational experience.

His past record has been brilliant and we hope his future will be just as outstanding. Best of luck, Bob.

TENNIS ACE

Gene Bridges, 1942 Big 12 Tennis Champ, learned his first tennis from his father and sister. He spent a great amount of time on the courts which were only a block from their home in Dallas, Texas. His aunt used to vanquish him consistently and his ambition was to defeat her. He made his Jr. High School tennis team, and in the city tournament he advanced to the semi-finals, thus helping his team win the championship. When he moved to San Antonio, he won the City Park Tournament for boys. On coming to Peoria, Gene decided to try for Central's well known tennis team. He made it and has retained a fine record during his high school days here.

Besides his many titles and championships, he has reached the semi-finals in the Central Illinois Tournament, the finals in the Illinois District doubles, and the quarter-finals in the Milwaukee and Subert Junior Tournament.

He is most proud of his Big 12 title. His hardest match was played during the Big 12 Tournament with Doring of Danville in the semi-finals.

His power of service and accuracy of blistering drives will always mark Gene as an exceptional tennis player. Let us all extend our congratulations and best wishes to this grand-champion of a fellow!

BOWLING

The maroon keglers had one of their finest seasons in a long while. Our pin splitters won 23 games and dropped only 3. Though only two lettermen started the season, the boys came through in fine style by taking every team in the city and gaining the Greater Peoria Championship. Captained by Jerome Dennison, and with the help of their able coach, Mr. Suffield, the team made a bowling record of which Peoria High may long be proud. Since three lettermen are to return next year, the keglers expect to make the pins really fly once more.

FEIRA-LIVRE

Without a doubt, no place more picturesque than the South American street market is to be found. Here are sold huge sombreros, vivid serapes, hand woven baskets, fine wares, everything you could want. These and many other articles attract the attention of the traveler and there is a general scramble to secure the best bargains. Friendly dickering is very prevalent, although the venders are stubborn about their prices. To be sure, South America would be sadly lacking an essential element were it not for la feira-livre.

Bradley College, Peoria, Illinois

President—Dr. Frederic R. Hamilton
Registrar—Mr. Asa Carter

BRADLEY is a non-sectarian, coeducational college with a program which unites a liberal education, preparation for a major interest, and experience in practical life under guidance and counsel. The carefully selected student body of **800** comes from **twenty-four** states and four foreign countries.

Bradley is on the approved list of the Association of American Universities and the American Association of University Women. It is accredited by the North Central Association of Colleges and Secondary Schools as a degree-granting institution; by the University of Illinois with Class A standing, and by the Illinois State Department of Public Instruction.

Bradley has unusually large curricular offerings for a small college. Besides regular liberal arts courses, there are departments in business administration, home economics, industrial education, music, art, and nursing. It has a national reputation.

ATHLETICS

Bradley supports and is interested in inter-collegiate and intra-mural athletics. In addition to a schedule of football, basketball, baseball, track, and tennis, which is arranged each year with leading middle western colleges and universities, the division of intra-mural athletics provides a well organized program which gives meaning to the aim, "Sports for All." Such teams participate in all of the games mentioned above and in golf, archery, wrestling, hand ball, volley ball, swimming, tumbling and boxing.

EXPENSES

Bradley is not an expensive college for the student. It is endowed and is constantly increasing its resources in order that students will be required to pay as small a fraction of the cost of an education as possible. The tuition is very reasonable. This is especially noticeable when comparison is made with other standard colleges which do not offer as extensive technical, scientific, and laboratory courses.

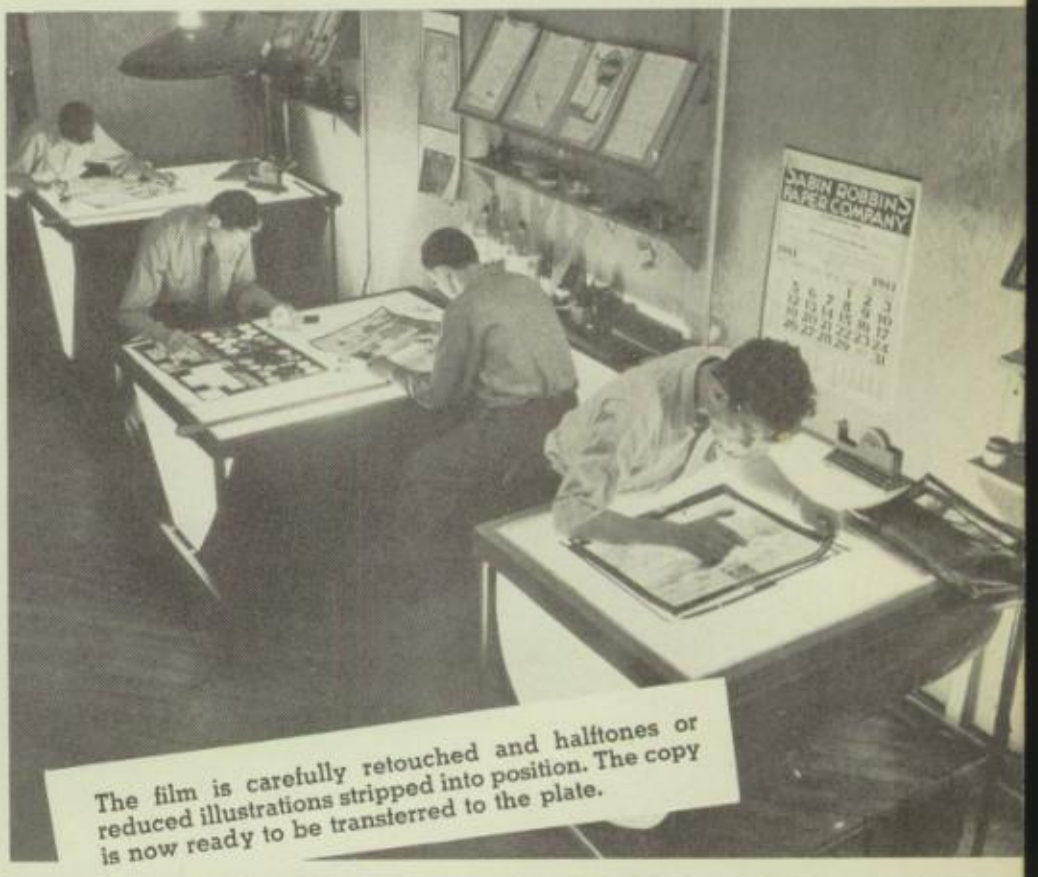
OFFSET LITHOGRAPHY

ALERT ADVERTISERS THE COUNTRY OVER ARE TURNING TO OFFSET LITHOGRAPHY AS THE NEWEST DEVELOPMENT IN THE REPRODUCTION OF MODERN ADVERTISING.

Creative artists prepare your preliminary sketches, suggest effective layouts, and do finished art work.

Especially built precision camera which records your copy on photo-film.



The film is carefully retouched and halftones or reduced illustrations stripped into position. The copy is now ready to be transferred to the plate.

The photo film is placed on the sensitized plate in a vacuum frame under pressure and a powerful arc light transfers the image to the plate.

Fast automatic presses print by the offset method at the rate of from 4,000 to 8,000 impressions per hour in any color on practically any stock.

AUTHENTIC CORONADO

. . . is a furniture that breathes the very spirit of a country glorious in color and romance—Old Mexico. It's rugged and unique in appearance. This colorful furniture is sold exclusively in central Illinois by Cohen Furniture Company. Visit the hacienda rooms; you'll get a real thrill seeing this unusual furniture. It's ideal for rumpus rooms.
